Software Engineer

Chennai, India | (+91) 8489686346 | bharathinb14@gamil.com

LinkedIn: [Bharathi NB](#)

SKILLS

Frontend: React.js, React Native, HTML, CSS, JavaScript

Backend: Node.js, Express.js, Firebase

Database: MongoDB, PostgreSQL

Tools: Jenkins, Fastlane, Git, GitHub

State Management: Redux, Redux Thunk, Redux Saga

Others: REST APIs, JIRA, Agile (Scrum & Kanban)

EXPERIENCE

Foodhub, Chennai- *Software Engineer*

SEP 2022 - PRESENT

- Developed and maintained **Foodhub** cross-platform mobile applications, supporting **1M+ active users**, ensuring high performance and responsiveness.
- Designed and implemented an **internal app automation tool** for streamlining app creation for clients, improving efficiency.
- Built **scalable state management solutions** using **Redux Thunk** and **Redux Saga**, optimizing data flow and application performance.
- Actively contributed to **code reviews**, promoting clean, maintainable, and scalable coding practices within the team.
- Developed **reusable global components**, enhancing development speed and front-end consistency.
- Integrated **push notifications**, **MoEngage in-app messaging**, and **Firebase**, improving user engagement and retention.
- Leveraged **MoEngage analytics** for tracking user behavior and optimizing the user experience.
- Configured and managed **CI/CD pipelines using Jenkins and Fastlane**, enabling automated builds and seamless deployments.
- Worked within **Agile methodologies**, actively participating in **sprint planning, daily standups, and retrospectives** to enhance project delivery.
- Collaborated closely with **UI/UX designers and product teams** to align development with business objectives.

Sunrise Technologies, Chennai - *Junior Software Developer*

OCT 2021 - AUG 2022

- Developed and maintained **React Native** mobile applications across various industries, including **crypto payments, athletics, and social networking**.
- Integrated **blockchain solutions** using **Web3, React Moralis, and React Native WebView**, enabling **secure transactions, staking, and escrow payments** via MetaMask & TrustWallet.
- Designed and implemented **scalable front-end & back-end solutions** using **React Native, Node.js (Express), and SQL databases**, managing extensive athlete datasets.
- Integrated **third-party APIs** such as **Firebase (real-time messaging, notifications), Agora (live audio/video interactions), and Stripe (secure payments)**.
- Optimized **app performance**, reducing load times and enhancing UI/UX through best practices in **state management (Redux, Redux Saga) and modular architecture**.

EDUCATION

Karpaga Vinayaga College of Engineering and Technology, Chengalpattu- *BE*

2016 - 2020

AWARDS

- **Best Performer of the Quarter** – Foodhub (Recognized for outstanding contributions to the Address Revamp project).
- **Bonus Increment (Within 3 Months)** – Sunrise Technologies (Awarded for excellence in Mobile App Development).
